PROFILE

I am a passionate Fullstack Web Developer with a strong focus on frontend development. Through extensive study and hands-on project work, I have honed my skills in building dynamic and scalable web applications.

My background in Accounting and Tax Consulting has given me a solid foundation in organizational skills, problem-solving, and working efficiently under pressure.

I value work environments that promote personal and professional growth, alongside good working conditions and a positive, collaborative culture. My goal is to continually improve my capabilities as a developer while contributing to innovative projects. I am always eager to take on new challenges, expand my skill set, and help bring creative solutions to life.
